ABOUT HUAWEN

About Huawen

Based in Xianyou, Fujian — the hometown of classical craftsmanship — Huawen has focused on Chinese-style fit-out for temples, cemeteries and clan halls for 20 years.

We provide one-stop service from design development and production to video factory inspection, sea freight, customs clearance and installation guidance — covering painted aluminum ceilings, shrines, ancestral tablets, columbaria and crystal-glass Buddha statues.

Product Overview

Painted Ceiling

20 pages · 300+ patterns

P06

Buddhist Shrines

Modular full-wall

P26

Ancestral Tablets

Crystal glass · custom

P27

Columbaria

Cemetery niches

P28

Crystal Buddha

20 / 48cm

P29

Amulets & Ritual

Wholesale supply

P29

CEILING · LOTUS · 01-02/04

Lotus Relief

Version 1

Version 2

Classic lotus motifs with deep relief and rich painting — ideal for main halls and chanting rooms.

Spec 600 × 600mm module

Thickness 0.6 – 1.0mm aluminum

Finish Relief · painted · gilded

Custom Custom patterns by code

Selected patterns shown; colors subject to samples

CEILING · LOTUS · 03-04/04

Lotus Relief

Version 3

Version 4

Classic lotus motifs with deep relief and rich painting — ideal for main halls and chanting rooms.

Spec	600 × 600mm module
Thickness	0.6 – 1.0mm aluminum
Finish	Relief · painted · gilded
Custom	Custom patterns by code

Selected patterns shown; colors subject to samples

CEILING · DRAGON · 01-02/02

Single Dragon

Version 1

Version 2

A single dragon coiled among auspicious clouds — dignified yet restrained, for gateways, side halls and clan axes.

Spec	600 × 600mm module
Thickness	0.7 / 0.8 / 1.0mm
Finish	Relief + hand gilding
Use	Gateway, side hall, clan hall

Dragon motif and palette adjustable to the hall

CEILING · DOUBLE DRAGON

Double Dragon

Twin dragons flanking a pearl in perfect symmetry — solemn and grand for main halls and central axes.

Spec	600 × 600mm module
Thickness	0.7 / 0.8 / 1.0mm
Finish	Relief + hand gilding
Use	Main hall, axis, gateway

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

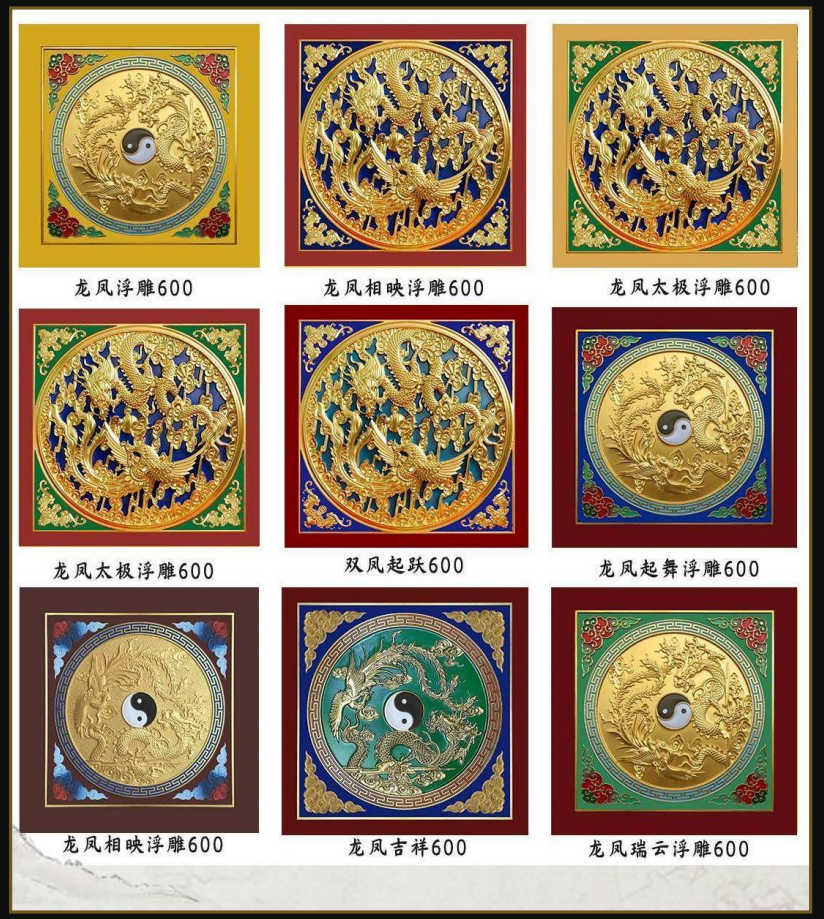
· Sample approval before mass production keeps lead times predictable

Pairs with matching panels and corner trims

CEILING · PHOENIX · 01-02/02

Dragon & Phoenix

Version 1



Version 2

Dragon and phoenix in auspicious union — intricate and ceremonial, for dharma halls, main halls and clan reception rooms.

Spec 600 × 600mm module

Thickness 0.6 – 1.0mm aluminum

Finish Relief · painted · gilded

Use Dharma hall, main hall, reception

Motif scale adjustable to bay size

CEILING · MANTRA

Six-Syllable Mantra

The six-syllable mantra in a continuous ring — for chanting halls, lay retreats and prayer circuits.

Spec	600 × 600mm module
Thickness	0.6 – 1.0mm aluminum
Finish	Relief · gilded
Use	Chanting hall, retreat

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

Mantra script adjustable to tradition

CEILING · FIVE BLESSINGS

Five Blessings

The five blessings motif — auspicious and warm, for side halls, wings and guild halls.

Spec	600 × 600mm module
Thickness	0.6 – 1.0mm aluminum
Finish	Relief · painted
Use	Side hall, wing, guild hall

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

Can be mixed with lotus and cloud patterns

CEILING · DHARMA WHEEL

Dharma Wheel

The ever-turning dharma wheel in a disciplined composition — for dharma halls, lecture rooms and seminaries.

Spec	600 × 600mm module
Thickness	0.6 – 1.0mm aluminum
Finish	Relief · gilded · painted
Use	Dharma hall, lecture room

Project Notes

· Order in one batch to avoid color variation

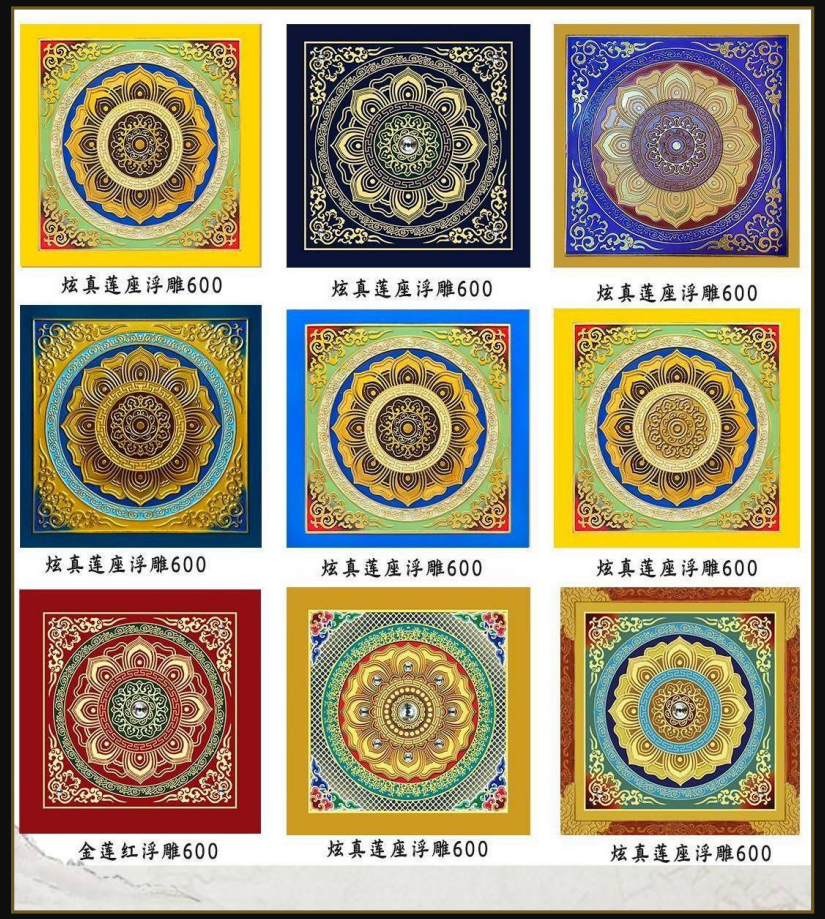
· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

Central wheel can be enlarged into a coffered ceiling

CEILING · LOTUS 2 · 01-02/04

Layered Lotus



Version 1

Version 2

Layered lotus petals with fine linework and a low-saturation palette — made for main-hall ceilings.

Spec	600 × 600mm module
Thickness	0.6 – 1.0mm aluminum
Finish	Relief · painted · gilded
Custom	Mosaic and color customizable

Physical color samples available

CEILING · LOTUS 2 · 03-04/04

Layered Lotus

Version 3

Version 4

Layered lotus petals with fine linework and a low-saturation palette — made for main-hall ceilings.

Spec 600 × 600mm module

Thickness 0.6 – 1.0mm aluminum

Finish Relief · painted · gilded

Custom Mosaic and color customizable

Physical color samples available

CEILING · 3D PAINT

3D Painted Center Panel

Sculpted relief layered with painting — a rich focal point above the Buddha or at the heart of the hall.

Spec	600 × 600mm module
Thickness	0.8 – 1.0mm aluminum
Finish	Sculpted relief · painted · gilded
Use	Above Buddha, focal point

Project Notes

· Order in one batch to avoid color variation

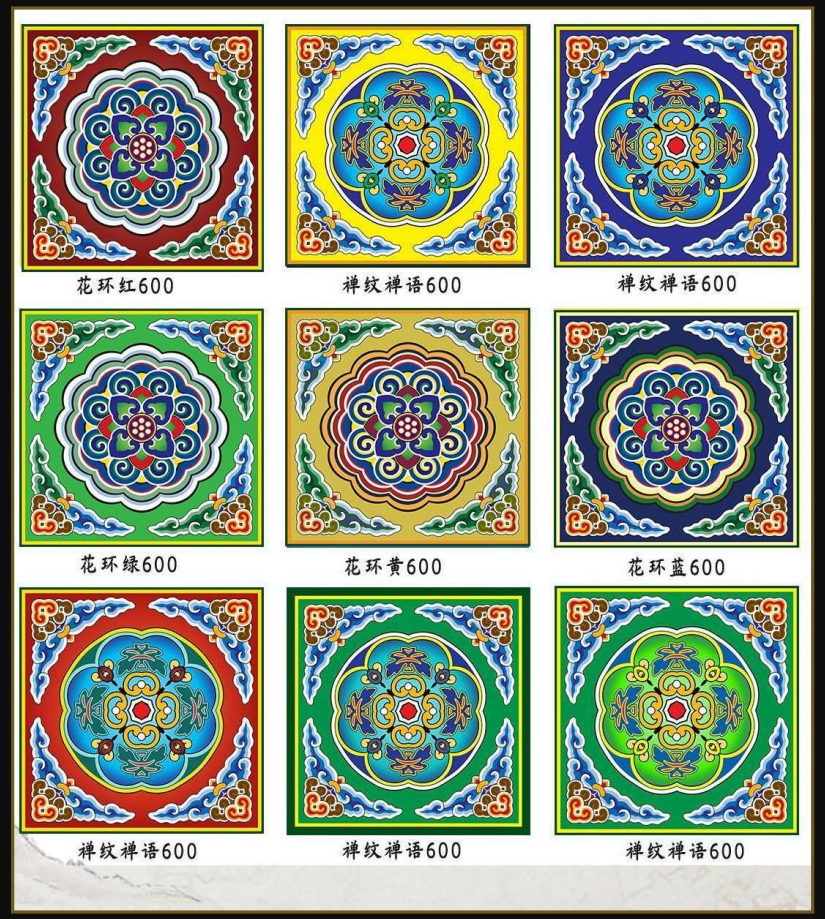
· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

Can be customized as a single centerpiece

CEILING · PANEL · 01-02/06

Ceiling Panels



Version 1

Version 2

Flat, perforated and linear panels for large background fields, paired with sculpted feature panels.

Spec 300 / 600mm modules

Thickness 0.6 – 1.0mm

Surface Coil-coated / transfer / wood grain

Use Large ceiling background

Combines with relief panels and corner trims

CEILING · PANEL · 03-04/06

Ceiling Panels

Version 3

Version 4

Flat, perforated and linear panels for large background fields, paired with sculpted feature panels.

Spec 300 / 600mm modules

Thickness 0.6 – 1.0mm

Surface Coil-coated / transfer / wood grain

Use Large ceiling background

Combines with relief panels and corner trims

CEILING · PANEL · 05-06/06

Ceiling Panels

Version 5

Version 6

Flat, perforated and linear panels for large background fields, paired with sculpted feature panels.

Spec 300 / 600mm modules

Thickness 0.6 – 1.0mm

Surface Coil-coated / transfer / wood grain

Use Large ceiling background

Combines with relief panels and corner trims

CEILING · MOSAIC · 01-02/02

Mosaic Panels

Version 1

Version 2

Mixed-format mosaic compositions for coffer surrounds and shaped-ceiling transitions.

Spec Cut to mosaic drawing

Thickness 0.6 – 1.0mm

Surface Coil-coated / transfer

Custom Produced to CAD layout

Layout and numbering drawings provided

CEILING · COFFER · 01-02/04

Coffered Ceiling

Version 1

Version 2

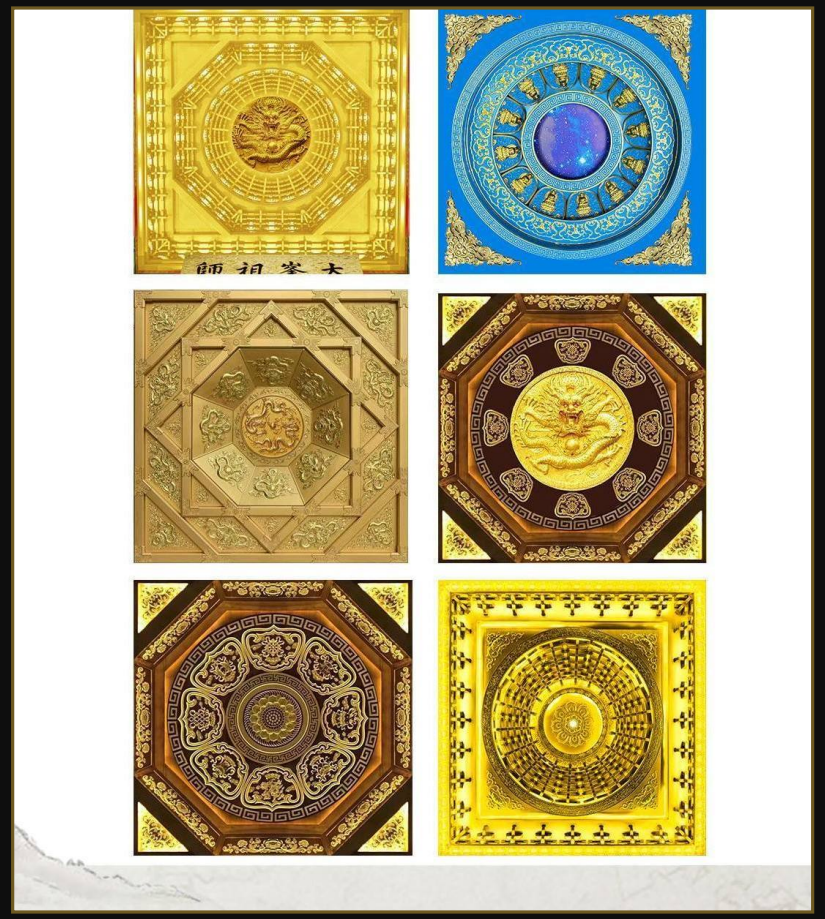
Traditional coffered ceilings that step inward and rise at the center — for main-hall axes and spaces above the Buddha.

Structure	Square / octagonal / round
Finish	Relief · gilded · painted
Custom	Detailed to bay dimensions
Install	Numbered parts, on-site assembly

Customized to bay and statue size

CEILING · COFFER · 03-04/04

Coffered Ceiling



Version 3

Version 4

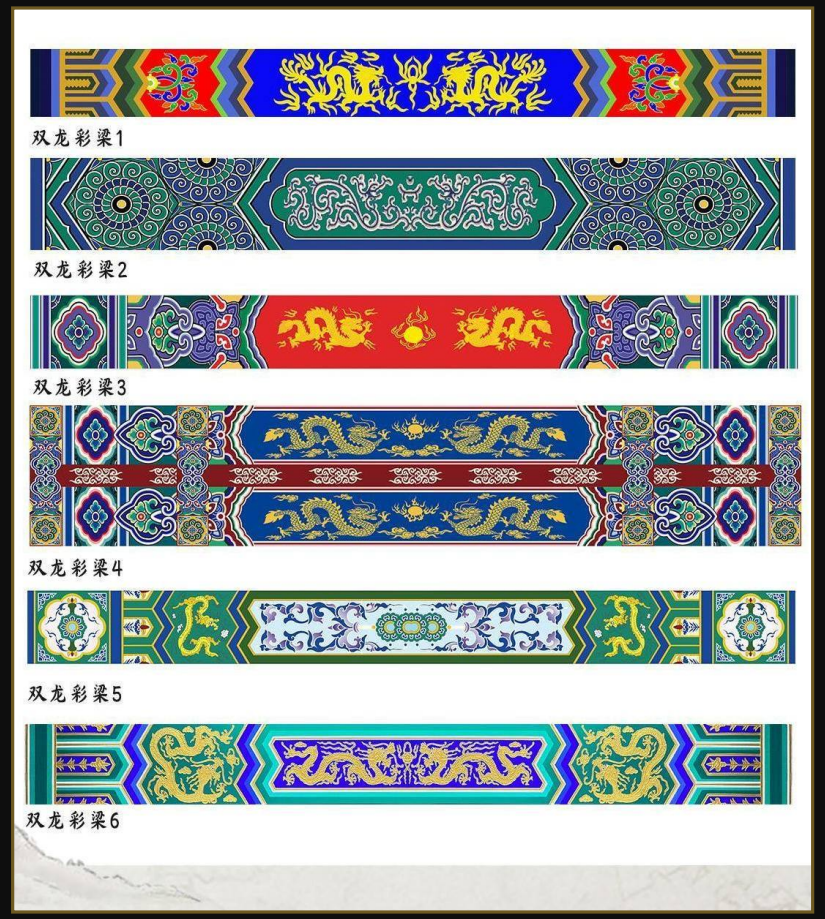
Traditional coffered ceilings that step inward and rise at the center — for main-hall axes and spaces above the Buddha.

Structure	Square / octagonal / round
Finish	Relief · gilded · painted
Custom	Detailed to bay dimensions
Install	Numbered parts, on-site assembly

Customized to bay and statue size

CEILING · BEAM · 01-02/05

Beam Cladding



Version 1

Version 2

Beam cladding that conceals services and unifies wood grain or painted finishes — for exposed beam structures.

Structure U-shape / four-side wrap

Thickness 0.8 – 1.2mm

Surface Wood grain / painted / gilded

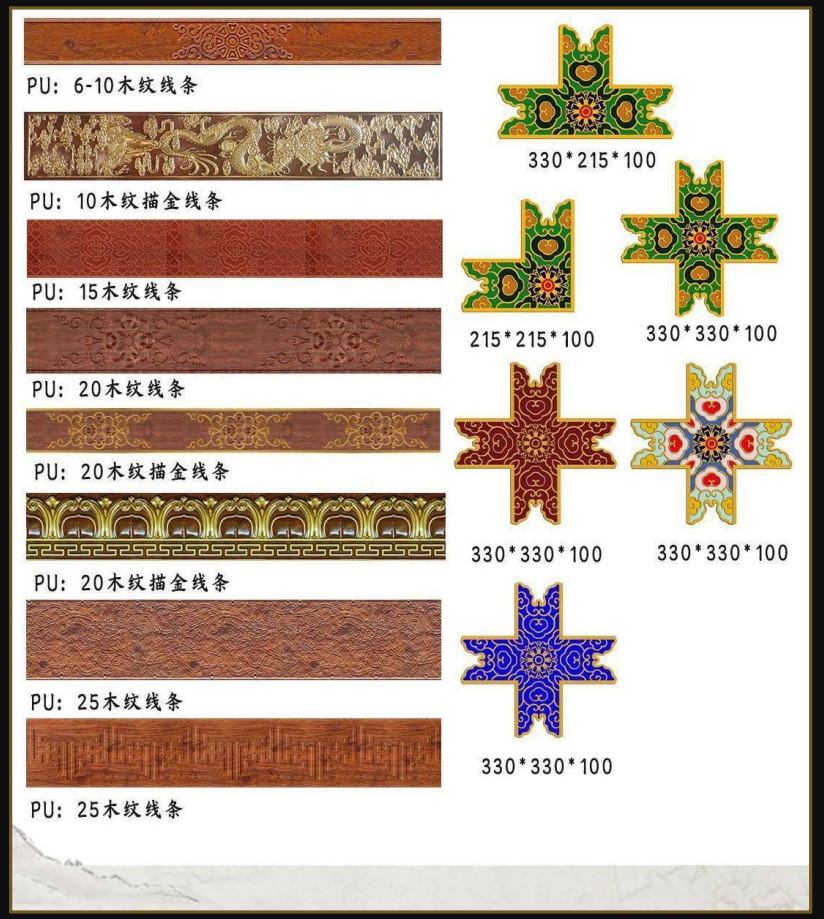
Custom Cut to beam section

Customized to site beams, numbered for installation

CEILING · BEAM · 03-04/05

Beam Cladding

Version 3



Version 4

Beam cladding that conceals services and unifies wood grain or painted finishes — for exposed beam structures.

Structure U-shape / four-side wrap

Thickness 0.8 – 1.2mm

Surface Wood grain / painted / gilded

Custom Cut to beam section

Customized to site beams, numbered for installation

CEILING · BEAM · 05/05

Beam Cladding

Beam cladding that conceals services and unifies wood grain or painted finishes — for exposed beam structures.

Structure U-shape / four-side wrap

Thickness 0.8 – 1.2mm

Surface Wood grain / painted / gilded

Custom Cut to beam section

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

BUDDHIST SHRINE

Buddhist Shrines

Modular construction customized to full-wall dimensions, with LED lighting, back panels, doors and carved details — for main halls, chanting rooms and offering areas.

Structure Modular, single or full wall

Custom Custom size and motifs to drawings

Lighting Built-in LED, zoned control

Material Aluminum frame / wood / glass

Delivery Container shipping with numbering plan

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

ANCESTRAL TABLET

Ancestral Tablets

Crystal glass in translucent amber with three-dimensional dragon carving; custom lettering, gilding and size for clan halls, guild halls and family shrines.

Height	Size (H×W×D cm)	Color	Material
20cm	20 × 10.5 × 3.8	Amber	Crystal glass
22cm	22 × 11 × 3.7	Amber	Crystal glass
24cm	24 × 12 × 3.7	Amber	Crystal glass
26cm	26 × 13.5 × 4.4	Amber	Crystal glass

Note: height, motifs and gilding can be customized.

COLUMBARIUM

Columbaria

A high-specification columbarium for cemeteries, memorial parks and temple niches — moisture-resistant, flame-retardant and structurally stable, in single or double niches.

Structure Aluminum frame + galvanized / composite panels

Spec Single / double, laid out to wall

Features Anti-corrosion · flame-retardant · moisture-proof · stable

Accessories Number plates, doors, trim

Application Cemetery niches, memorial halls

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

BUDDHA STATUE & AMULETS

Buddha Statues & Amulets

Crystal Buddha 20 / 48cm

Amulets & ritual items

Statues	Crystal glass and white marble Buddhas
Finish	Fine casting, dignified forms
Amulets	Xianyou craftsmanship, wholesale
Clients	Temples, shrines, ritual shops, traders
Custom	Size, form and gilding to drawings

Project Notes

· Order in one batch to avoid color variation

· CAD layout and site numbering drawings provided

· Sample approval before mass production keeps lead times predictable

Main Hall • Full Ceiling & Buddha Wall

Unified motifs and palette, numbered on-site installation

Shrine Room • LED & Backlight

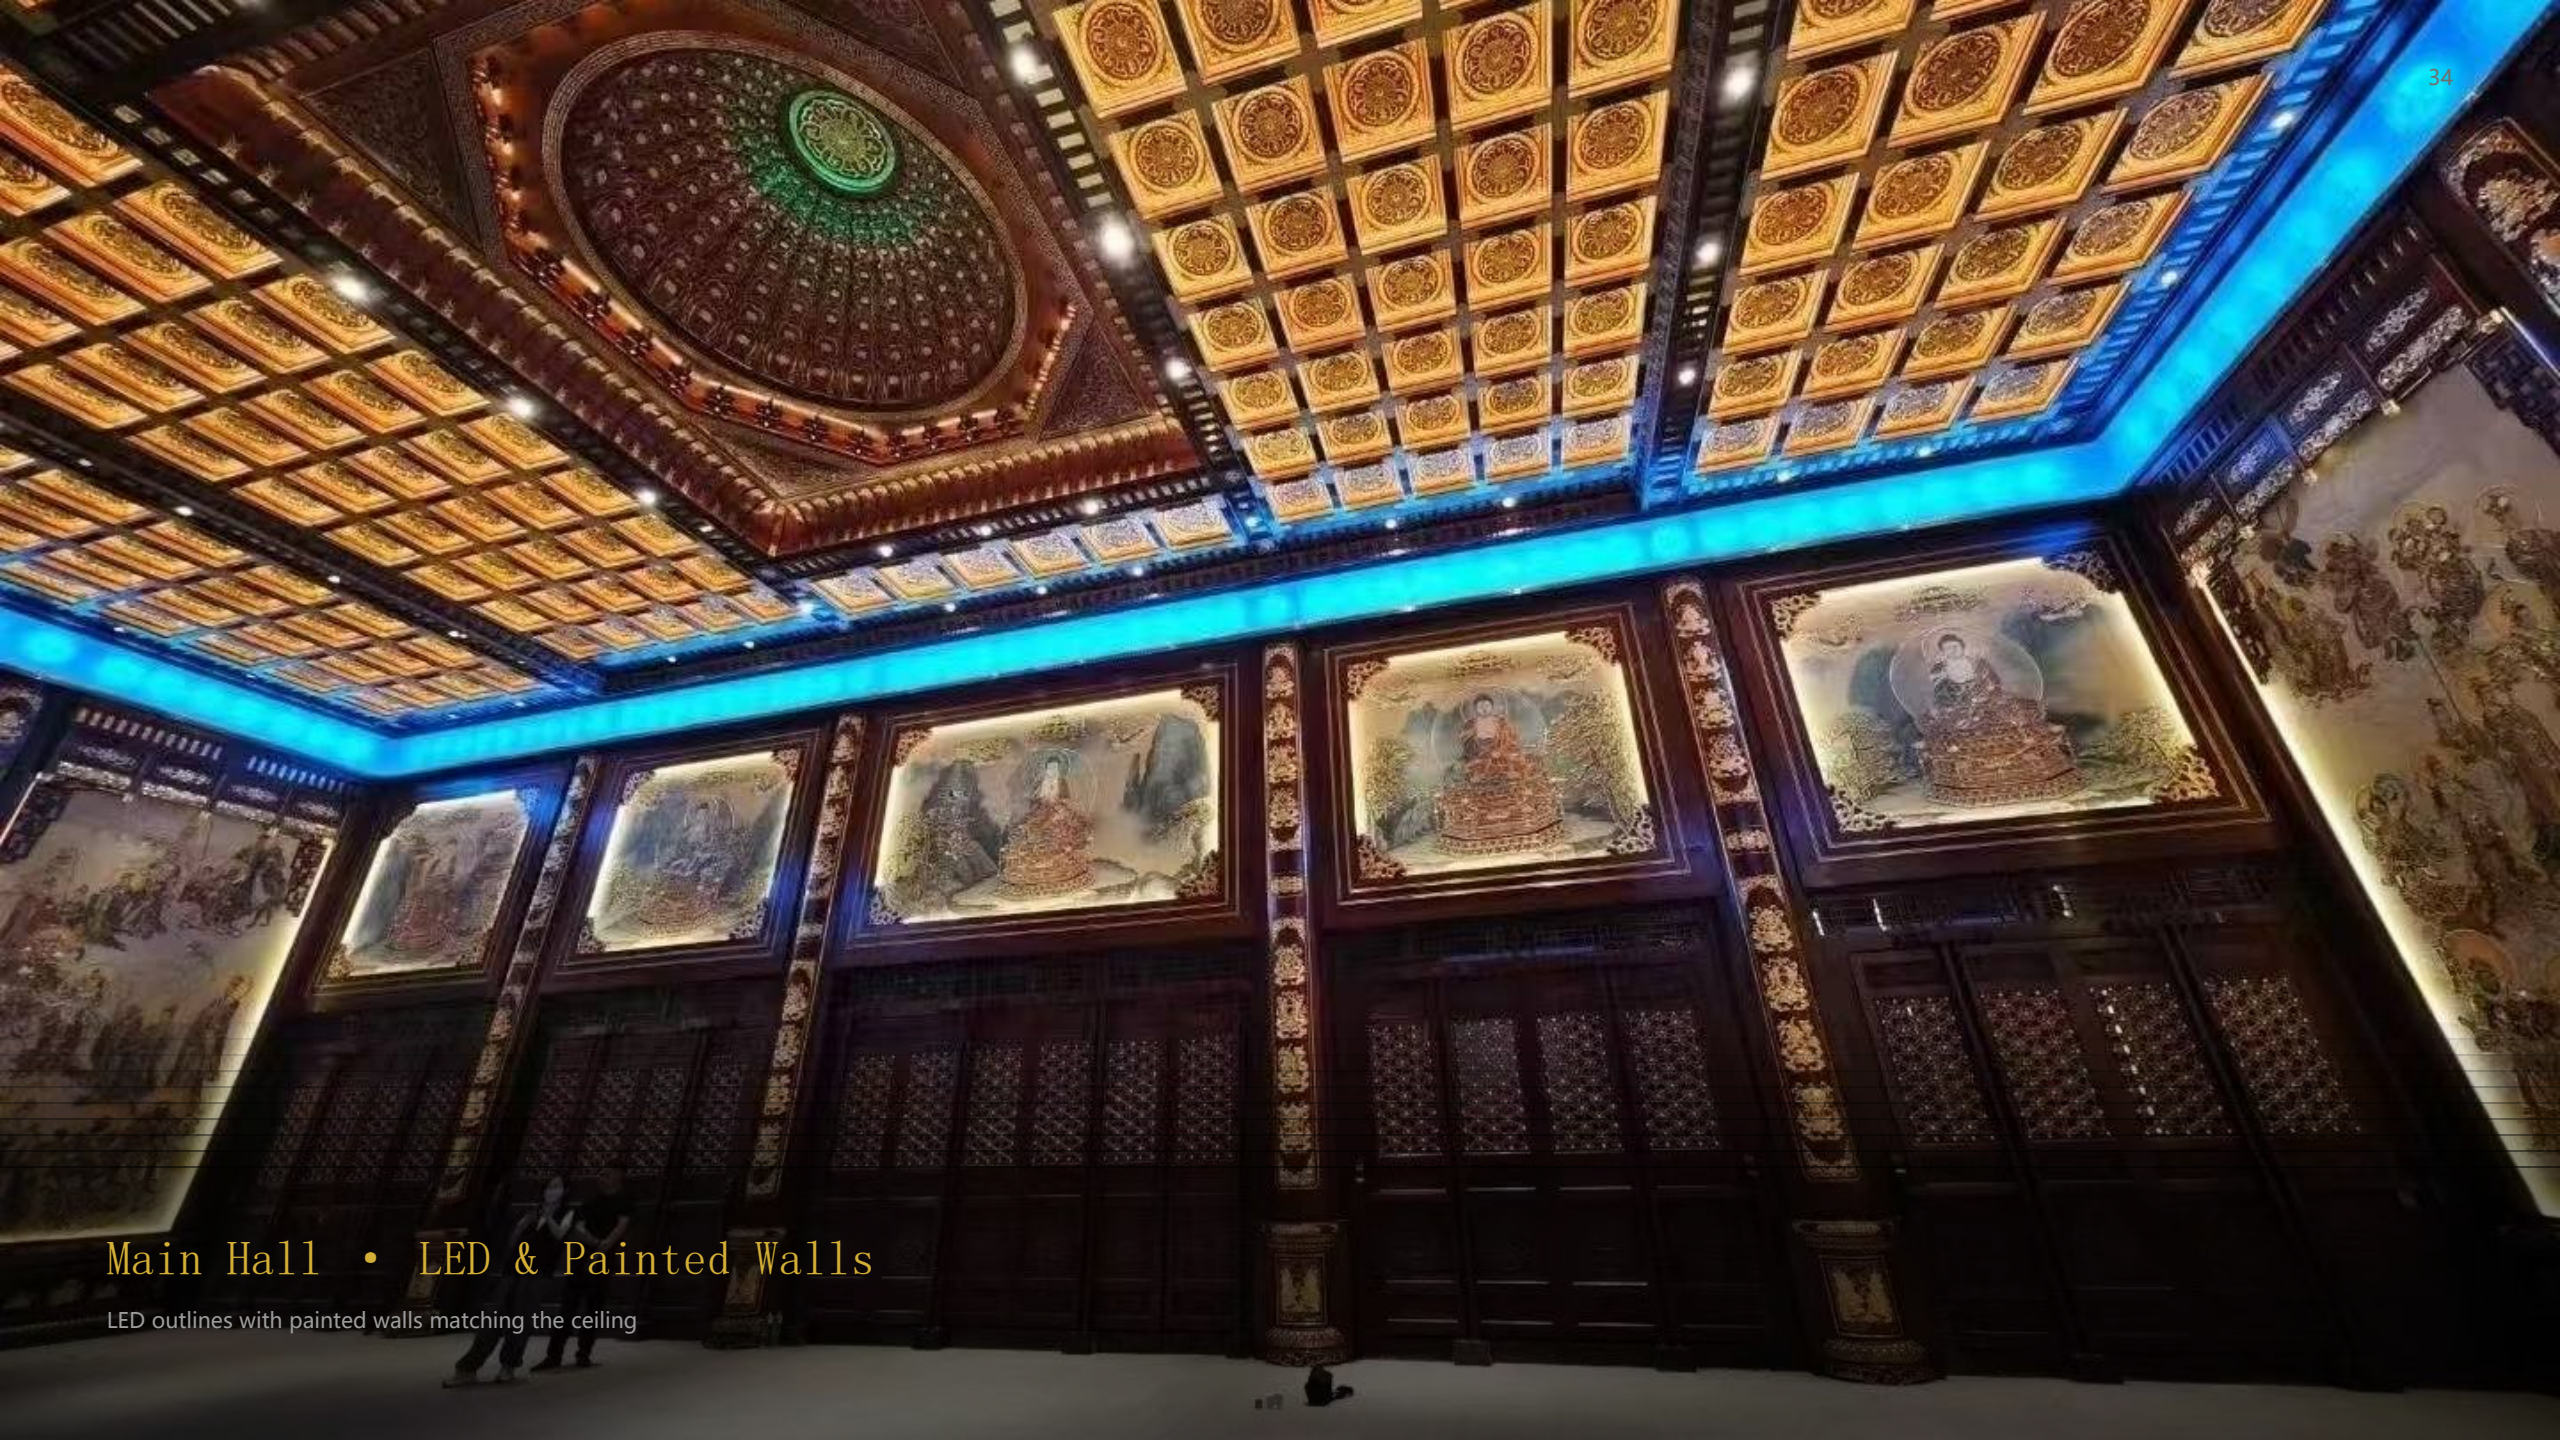
Backlight and LED combine for a solemn layered effect

Hall • Ceiling & Wall Panels

Ceiling, wall panels and corner trims as one scheme

Coffered Ceiling • Gilding & Painting

Rising coffer with gilded edges framing the central Buddha



Main Hall • LED & Painted Walls

LED outlines with painted walls matching the ceiling

Columbarium • Niche Corridor

Modular layout, numbered management, clean aisles

Chanting Hall • Buddha Wall

Full Buddha wall with the main statue backlit at center

HOW TO CHOOSE

Choose by Space

Temple Main Hall	Ceiling + shrine + Buddha statue	P06-25 / P26 / P29
Chanting / Shrine Room	Shrine + LED + ancestral tablets	P26-27
Clan / Guild Hall	Tablets + ceiling + corner trims	P06-25 / P27
Cemetery / Memorial Park	Columbarium + offering area	P28
Ritual Shop / Trader	Amulets + Buddha statues wholesale	P29

Not sure? Send photos and dimensions to Mr. Chen — we reply with a configuration proposal within 24 hours.

CUSTOM PROCESS

From Brief to Delivery

01

Briefing

Use, size, style and budget

02

Proposal

Detailed drawings and formal quotation

03

Sample Approval

Material, color and finish confirmed

04

Production & QC

Workshop production and pre-shipment inspection

05

Shipping & Customs

Container loading and document support

06

Installation Support

Numbering plans and remote guidance

Video factory tours · custom drawings · global shipping and customs support
